ENRICHMENT ACTIVITIES

All[★]Stars

Allstars is a growing team of passionate activity specialists delivering high-quality programmes nationwide. Our trained staff bring energy, consistency and care to every setting, supported by strong systems, shared values and a commitment to safe, inclusive experiences for every child.

EVERYONE STARS

Every child feels valued, included, challenged and supported to succeed.

Activities adapt to different abilities, interests and energies without limiting potential

Experiences encourage confidence, teamwork and joy while celebrating individuality.

UNIQUE ACTIVITY SPECIALISTS

We design and deliver distinctive activity experiences that go beyond standard provision. Our programmes blend sport, creativity, problem-solving and play to engage every child, regardless of ability or confidence. Sessions are carefully structured yet flexible, encouraging choice, curiosity and participation. We focus on building confidence, cooperation and physical literacy through activities that feel purposeful, exciting and inclusive. Every experience is led by trained professionals, supported by robust planning, risk management and a commitment to safe, high-quality delivery.

ENRICHMENT IS.... FUNFILLMENT

Enrichment should do more than fill time. It should spark curiosity, confidence and joy. Our enrichment sessions are designed to complement the school day through active, creative and imaginative experiences. Children are encouraged to explore new interests, take positive risks and express themselves freely. Each session balances structure with choice, ensuring every child feels engaged and motivated. The result is meaningful enrichment that supports wellbeing, builds social skills and leaves children feeling proud of what they've achieved.

OUR ACTIVITIES

Our activities are designed to engage, inspire and include every child. From energetic sports and team games to creative, problem-solving and imaginative challenges, each session offers variety and purpose. Activities are adapted to suit different abilities, interests and confidence levels, ensuring everyone can take part meaningfully. We prioritise movement, creativity and collaboration, creating positive experiences that build skills and self-belief. Every activity is carefully planned, safely delivered and focused on enjoyment, progression and memorable moments children look forward to each time.

GLOW SPORTS

NEON SPORTS EXPERIENCE

Glow Sports transforms familiar games into exciting, high-energy experiences using lights, colour and music. Spaces are adapted with glow equipment, illuminated targets and clear safety zones to maintain structure and control. Activities focus on teamwork, movement and reaction, encouraging participation from all confidence levels. Clear rules, simple scoring and guided rotations keep sessions flowing smoothly. We balance excitement with calm moments, ensuring children stay engaged, safe and supported while enjoying a memorable, immersive experience that feels special every single time.

DARTS

WITH ALLSTARS IT'S GAME ON

We deliver darts using real equipment within a tightly controlled, safety-first setup. Clear throwing lanes, strict supervision and one-at-a-time throwing rules ensure a calm, focused environment. Distances and targets are adapted to suit age and ability, building confidence progressively. Sessions begin with safety briefings and technique guidance before moving into structured challenges and team formats. Emphasis is placed on control, concentration and respect for rules, creating a unique experience that feels grown-up, responsible and empowering while remaining carefully managed throughout.

**EVERYONE
STARS**

Every child feels valued, included, challenged and supported to succeed.

Activities adapt to different abilities, interests and energies without limiting potential

Experiences encourage confidence, teamwork and joy while celebrating individuality.

PICKLEBALL

THE WORLD'S FASTEST GROWING SPORT

We introduce pickleball through simple, engaging activities that build skills quickly and confidently. Sessions use adapted courts, lightweight paddles and low-pressure balls to suit different ages and abilities. Children learn core skills through games before progressing into rallies and team play. Clear demonstrations, short challenges and frequent rotations keep everyone active and involved. We emphasise communication, movement and enjoyment over competition, creating an inclusive environment where confidence grows naturally and every child experiences success while playing a fast, exciting sport together.

TOUGH RUNNER

THE RUN FOR RESILIENCE

Tough Runner is a mobile obstacle experience designed to challenge bodies and minds safely. Children navigate climbs, crawls, balances and problem-solving elements that test agility, coordination and determination. Obstacles are built with progressive difficulty, allowing participants to choose how far they push themselves. Clear briefings, supportive encouragement and controlled flow ensure safety throughout. The focus is resilience, teamwork and self-belief rather than speed. Every participant completes the course feeling accomplished, energised and proud of what they've overcome together.

TEAM BUILDING

STRONGER TOGETHER CHALLENGES

Our team building activities are designed to develop communication, trust and collaboration through shared challenges. Groups work together to solve problems, complete tasks and overcome physical and mental obstacles. Activities are structured to encourage listening, leadership and collective decision-making, with roles that allow everyone to contribute. We create a supportive environment where success depends on cooperation rather than competition. Clear objectives, guided reflection and inclusive design ensure meaningful participation, helping children build confidence, empathy and teamwork skills they can carry into everyday situations beyond the activity itself.

EVERYONE STARS

Every child feels valued, included, challenged and supported to succeed.

Activities adapt to different abilities, interests and energies without limiting potential

Experiences encourage confidence, teamwork and joy while celebrating individuality.

COLOUR RUN

ADD A SPLASH OF COLOUR

Our colour run combines movement, celebration and shared excitement in a safe, well-managed environment. Children run, walk or dance through a marked course while colour powder is released at designated stations. Clear routes, marshalled zones and allergy-aware materials ensure safety and inclusion. Music, countdowns and group moments build atmosphere and motivation. Participation is encouraged at individual pace, focusing on joy and togetherness rather than speed, creating an unforgettable experience that leaves everyone smiling, energised and proudly colourful at the finish.

At Allstars, our vision is to inspire confident, curious and active children through play, adventure and imagination.

Our mission is simple: get children moving, playing and discovering what they can do in safe, memorable experiences they love.

Everything we deliver is shaped by our values.

We are playful in approach, adventurous in spirit, safe by design, bold in ambition and empowering in practice.

Together, these values guide our team, our programmes and every moment we create for children nationwide. Built on trust, quality and care, we partner confidently with communities to deliver impact everywhere together.
